 Attach Journalling spot undernest buttons and add journalling
 Swipe thick paint along the top and bottom edges of layout.

Extra Products Needed - Smallpaint brush, thick paint, embroidery thread

By *Gigi Kennedy* - You will need a 5 x 7 inch photo

take a scrap of white cardstock & using the tip of a knitting needle (or suitable pointy substitute :) dab in blue paint & pounce on white paper to create random dot pattern...set aside to dry sand & paint frame of the Lil' Davis letters blue...set aside to dry when paint is dry...adhere the framed alpha to your dotty cardstock...using craft knife, trim around letters releasing them from the cardstock & sand away lightly any remaining rough edges of cardstock peeking out (be careful sanding...you don't want to sand off the paint too :) now take some brown ink (i used Ranger Industries Distress ink in Antique Linen) & dip your finger in it & add some ink just inside the framed alpha to give it a bit of something...finally add your MME tiny blue gems here & there...now you've got your letters set to go...
 cut the Pink Paislee Graceful Captivating patterned paper to 8 1/2x11"
 adhere your 4x6 photo as shown
 above your photo, add a length of the blue satin ribbon 6" long...then add part of your title using your altered letters on top...to finish it up, cut a little heart out of the blue felt & pop that on the end
 now...below your photo...cut a length of the blue floral fabric @ 1 1/2 " x 8 1/2"...freehand cut scallops on your fabric length & adhere under your photo...layer the blue velvet ribbon on top & zig zag stitch it on the edge...on top of these layers, put a 3 1/4" inch of the blue satin ribbon & then the 2nd part of your title.
 punch 3 tiny hearts out of your scrap blue dotted cardstock & sew them on in the left hand bottom corner & add your handwritten journalling...
 finally, run a straight stitch around the edge of your layout 2 or 3 times...then dab your finger in your blue paint & just run your finger along the edges to add a finishing touch :)

Extra Products Needed -pen for journalling blue paint sand paper heart punch sewing machine

By Rachel Tucker - You will need 4 x 6 photo

Take two 12x12 black cardstock.

Spray one with a firm hold hairspray and sprinkle a generous amount of Pink Paislee Pixie stix glitter - Blueberry. Put aside to dry. This is your background. From the other 12x12 black cardstock cut one piece measuring 7 inches x 6 1/2 inches and one 5 inches x 6 1/2 inches. Distress the edges and roll slightly.

Take out your Pink Paisley Fetching - Appealing paper and cut two 1 1/2 inch x 12 inch strips. Cut another piece measuring 4 inches by 6 1/2 inches. Distress the edges by sanding with sandpaper or a MM sanding block.

Also from this paper cut or punch a 2inch circle, sand the edges and adhere the button on top. To ensure that the button lies flat I have taken off the loop off the back with a pair of pliers.

Take out your chipboard alphas and decide on a title. Paint chipboard with a black acrylic paint and put to one side to dry.

From the remaining Pink Paisley Fetching - Appealing paper cut a selection of the pattern, approx 8 pieces. Sand the edges.

Arrange all the elements of the layout, layering the various pieces of pattern paper, Kaiser craft wooden swirls, button embellishment as you go.

Finish off by adhering your title and a generous sprinkling of Kaiser Rhinestones in black.

Extra Products Needed - hairspray or a spray adhesive, black acrylic paint

By Tamar Bostock - You will need one 4 x 6 inch photo

Take your piece of gingham fabric and stitch in even rows opposite corners - Have your knot on the outside. Continue until you have have about 1/3 completed
