Offering even more value for collections - four projects created especially for you.

No. 1

*Home By Gigi Kennedy* - You will need six 2.5 x 4 cm photos

1. Using the Bling in the pink Bazzil cut 14 hearts - run an edge distresser and deep pink ink pad around each one
2. Cut strip of Bling Bank Roll 1 inch x 11 inches. Cut strips about 5 mm apart to form grass.
3. Cut a rectangle 10 x 12 cm out of American Crafts Amplified New Wave for the base of your house. Cut a triangle with a tip to bottom length of 9 cm from Music Video. Use some of the back to fashion a chimney piece.
4. Take a sheet of white cardstock and begin with your house as the base. Build your hearts around the base - tucking some behind - adhere them all down. Run a straight edge stitch around the base of your house - add your roof and chimney - tucking the chimney in behind before you stitch down.
5. Write your journaling onto a Tim Holtz Tag.
6. Add your photos in a strip tucking your journaling behind
7. Attach your grass using green thread - run a zig zag stitch and a straight edge stitch for effect. You will find it easier if you have stuck these down first with double sided tape - It stops your pieces from moving.
8. Add your title and scatter some velvet flowers as per the photo. Gigi has added three green stems for her base flowers and green bling gems for each flower.
9. Using your 7 gypsy chipboard add a scalloped piece under your title and hearts coming out of your chimney.
10. Finish your lo with a zig zag stitch around the edge and date your work.
