1. Cut the transparency into quarters and layer three of the quarters onto a white card background, starting at the top right of the layout as you look at it.
2. Adhere your 7x5" portrait style photo to the layout over the area where all three transparency squares meet. ( see layout image for placement.)
3. Add some torn off masking tape here and there on the layout.
4. Attach a piece of the white lace from your kit on the left side of your photo , using staple to adhere.
5. You may like to alter your flowers for this layout with a drop of ink into the centre of some.., or maybe some chalk brushed into the centre..and finish with a spray of gold mist.. ( allow time to dry before you begin the next step. You may like to use a heat tool to speed up the process.)
6. Starting at the top right of the layout lay the paper prima flowers in a scattered line down toward the bottom left of the page. You may like to adhere some of them with foam tape for extra dimension. Go with what your eye likes... and only adhere when you are happy with your design. add a velvet leaf here and there for effect. when you have attached all the flowers and leaves, finish with some gems or pearls inthe centre of the flowers, and to create a flowing line from corner to corner.
7. Brush a little pink kindly glitz to your lettering ( and allow to dry ) before attaching to the top left of your layout. as seen in the completed layout image.
8. Ink the edges of the layout with a soft pink inkpad.
9. Add journalling, and a date with a fine tipped black pen. Finish with a rub on or two if desired!

Extra Products Needed - Masking tape, stapler, ink chalk gold mist ( optional) foam tape, black fine tip pen pink ink pad

*By Mel Goodself* - You will need 15cm X 10cm and 7cm X 9.5cm

1. Select a 12 x 12 piece of kraft cardstock as the page base. Also select the plain aqua circle fabric from the Addiction collection. Cut this to size - 29cm x 13cm and position in the middle of the page.
- 2: Cut a piece of aqua/gold swirl fabric to size - 14.5cm X 2.5cm and tuck slightly under the top right hand corner of the aqua circle piece of fabric.
- 3 - Adhere two photos onto the layout (15cm X 10cm and 7cm X 9.5cm). Position the photos to the right hand side of the aqua circle fabric as shown in the picture provided.
- 4 - Adhere the title (relax) so that it overlaps the larger photo and aqua circle fabric. Machine stitch this into position if desired.
- 5: Adhere one of the large cream bird felt scrolls onto the bottom half of the page. Place this at a slight angle so that the left hand side of the swirl slightly covers the smaller sized photo. Using a second scroll, cut off approximately 11cm of the left hand side and adhere to the layout above the smaller sized photo.
6. Using a second sheet of Kraft cardstock, complete the journalling (print, stamp or hand record this). Cut the journalling into small strips and adhere onto the right hand side of the page (above and below the larger photo) to complete the layout.
