PLEASE read all the instructions before you start, if you are unsure of anything refer to the picture included of the original layout.

1. Use the Bazzill Orange Peel Red Hot cardstock for the background.
 2. Using the MME Grass Stained Dots Paper cut a piece 10" x 12" and adhere $\frac{3}{4}$ " from the top edge of the page.
 3. Adhere a piece of lace at this same edge and cover the edge of the lace with a piece of Velvet Cream Ribbon.
 4. Adhere a piece of the Velvet Cream Ribbon along the lower edge of the Grass Stained Dots paper.
 5. Using the MME Snowed In Starburst Paper cut a piece 10" x 8" and centre it on the piece of the Grass Stained Dots paper.
 6. Place your photos onto the Starburst PP as you would like them.
 7. Use one of the tags from the MME Snowed In Accessory Sheet to do your journaling, trim off the left hand side of the tag before you journal.
 8. Use the basic Grey Chippies for your title.
 9. Cover the birds and their wings in assorted PP's using a glue stick, trim with a craft knife and finish of the edggs using some sandpaper or an emery board. Ink the edges (if you are inking). Once you have adhered the wings, glue in place a sequin for the eye and coat in Dimensional Magic.

- Your page is complete; I hope you enjoy creating your project!

Long Ago by Ngaire Bartlam - You will need one 7x5 inch photo

1. Tear a piece of the chocolate cardstock 25 x 19 cm and adhere it to the fabulous spotty paper (3cm down from the top of the page and 1cm in from the right side of the layout as you look at it).
2. Attach a strip of green and brown dot ribbon to the bottom right of the chocolate card, and finish with a button. Cut a piece from the striped paper 12x 17 cm. (I included the sweet brown border in my piece.) Adhere this to the layout in the bottom left corner of the chocolate card as shown in the photo.
3. Adhere your photo to the layout, using the layout image as a guide.
4. Adhere the self adhesive gem swirls to the left hand edge and the bottom left edge of your photo.
5. Add the brown velvet flowers to the swirls. (I used double sided foam tape for extra height.)
6. Cut out one little tree and add sequins for extra bling. Ink the edges if desired. Add a gem flower to the top of the tree. Adhere to your layout with foam tape.
7. Rub on the pale blue green flowers from your set to the bottom left of the striped paper and then adhere your chipboard title. Add three of the same chipboard photo turns to the layout with gold brads.
8. Pierce a double row of holes down the left hand side of the chocolate card and then sew with red embroidery thread (add blue beads as you go, if you wish).
9. Adhere a line of the gold sequins to the right hand edge of the photo. Adhere scattered gold sequins to the spotted background. Allow to dry.

Wish List By Mel Goodsell - You will need one 4 x 6 inch photo

1. Use the chocolate coloured sheet of Bazzill as the base.
2. Using a piece of soft green Bazzill, scallop one of the side edges using a paper punch. If a paper punch isn't available, hand draw a scallop and handcut out the design or alternatively leave the edge straight.
3. Cut the scalloped piece of Bazzill down to size - 28.5cm X 30.5cm. Adhere this onto the chocolate bazzill or staple each corner of the Bazzill into position.
4. Cut an 18.5cm X 25.5cm piece of My Mind's Eye, Authentic, Real Imprint patterned paper. Ink the edges using a chocolate coloured ink pad and corner round the top left hand corner (refer photograph as a guide). Adhere this to your layout approximately 2.5cm down and 2cm in from the left hand side of the Bazzill.
5. Adhere the photograph. The bottom edge will sit 6.5cm up from the bottom of the Bazzill. Add the bling sticker and ensure it sits slightly over the photograph at the top.
6. Add a scalloped strip to the top of the patterned paper. Cut this from the My Mind's eye Snowed In range of patterned paper.
7. Ink the chipboard star with gold ink. Alternatively use paint. Once dry adhere small strips of journaling to the star, using the music paper from the collection to type, print or stamp your words.
8. Cut a length of velvet ribbon, tie this onto the chipboard star and staple at the top of your layout (sitting to the right hand side of the photograph) to adhere into position. Add another piece of adhesive under the chipboard star.
9. Attach a silver tree charm to the ribbon (where it ties onto the star) and hold in position with a crystal pin.
10. Use both alphabets provided in the collection to complete the title directly under the star.
11. Also add strips of journaling above and below the photograph to complete the layout.

Extra Products Needed - Scallop paper punch (optional), chocolate ink, gold ink or paint, stapler.
