

Carisota Treats

Offering even more value for collections - four projects created especially for you.

No. 3

Lavender Heaven by Tamar Bostock - You will need one 8 x 6 inch photo.

1. Push out your damask shape from the Maya Rd chipboard – Paint with black paint and set to dry – you can dry this with a heat gun if you are impatient.
2. Trim your Basic grey paper to 6 x 12 – adhere to the pink back of one of your GCD patterned papers.
3. Using double sided tape run a ribbon strip across the middle – use your lavender grosgrain.
4. Adhere your photo to the top - This photo has been edited in PSE - using hue and saturation to make changes to give the dusky appearance which worked perfectly with these papers. A sepia photo would be great here too.
5. Randomly apply the white rub ons to the painted black chipboard. Once you are happy with the result place your pieces on to a plastic sheet .
6. Use dimensional magic over the top of each chipboard piece – add sparingly – you can draw the dimensional magic out to the edge with a pin rather than over apply. Use a pin to prick any air holes that come up.
7. Set aside to dry for a few hours – over night is best.
8. Adhere your title – using the Heidi Swapp iron ons and Basic grey stickers. The irons ons don't need to be ironed! You can just pull them apart and use normal glue for attaching.
9. Take the base of your chipboard piece that you punched your damask shape from and use it as a guide for placing your glossy chipboard shapes.
10. Use a good glue to adhere.
11. Add a date sticker.

Extra Products Needed - black paint, dimensional magic, pin, double sided tape, good clear drying glue, PSE - optional.

Play Station Bonding by Suz Doyle - You will need one 6 x 4 inch photo

1. Use plain white cardstock as your base.
2. Cut three rectangles measuring 4x2" from three Urban Prairie papers – Bluebird, Wildflowers, and from the top part of Monarch. Line them up and adhere approx 1.25" from the bottom of your page.
3. Add your photo above these on the left hand side, and a 6x4" panel of the Scenic Route script to the right hand side.
4. Adhere a Luxe journaling spot over the top so that it just overlaps the photo and two of the bottom panels. Arrange your title using different sizes and colours of the BasicGrey alpha stickers inside the journaling spot.
5. Paint your Maya Road 'together' chipboard word in yellow (Making Memories Lemon) and chipboard flower in Teal and Lemon. When dry spritz these with Gold Glimmer Mist.
6. Adhere the word to your page below the journaling spot, and the flower just to the left of it.
7. Handwrite your journaling on the white cardstock, making sure your left margin lines up with the left hand side of the Scenic Route panel. Draw lines and journal with grey lead first if necessary, then go over it with a fine aqua marker.

Extra Products Needed - White Cardstock, yellow paint, teal paint, gold glimmer mist, fine tip aqua marker
